Description:

All-purpose flight case with cube foam

The ROADINGER universal case pick is equipped with high-strength foam padding and cube foam. This allows you to adapt your case to your equipment individually. The inner part can therefore be divided without cutting or further processing.

The high-quality workmanship with multi-layer glued wood, aluminium profile frame with rounded corners and three-legged, medium-sized steel ball corners give the case stability.

The flight case also has two lockable snap locks and a robust carrying handle.
