Description:

Flight case for e.g. tools, with telescopic handle

With the ROADINGER universal case with trolley function, you are equipped for every application. Whether as a tool case or for the transport of various small parts: the flight case always cuts a fine figure. The interior has 3-fold divided accessory compartments in the base as well as a document compartment and pen holder in the lid. The interior is lined with foam and protects your utensils optimally.

The high-quality workmanship with 4 mm thick, multi-layer glued wood and the aluminium profile frame with rounded corners as well as the three-legged, medium-sized steel ball corners give the case the necessary stability.

The trolley flight case from ROADINGER has two butterfly locks, two corner castors and an extendable telescopic handle. The maximum load is 25 kg.
