Description:

The approx. 90 cm high, evergreen olive bush from Europalms adds a Mediterranean flair even to simply furnished office and living rooms. It already falls into shape by itself when set up and thus saves you time.

Real olive trees belong to the olive family. They have been cultivated for many centuries and are among the oldest known crops.

During the production of this artificial plant, a lot of attention was paid to lifelike details. This can be seen especially well in the typical leaf design with silver shimmering underside and olives that indicate the different degree of ripeness of the fruits in different shades of color.

As a cover of the included basic gardener pot, there are incorporated pebbles and artificial moss. Thus, the pot can serve as a stand for a planter, as well as be used as a decorative pot.
