You would like southern flair for your catering business, wellness area or for your beach party? Then this palm from Europalms should not be missing.

It is available in two different sizes and with its impressive appearance cannot be overlooked. The artificial trunk is wrapped with real palm fibre material and in the palm head there are already insertion devices for the palm fronds.

The palm leaves are made of high-quality textile material. Optionally we recommend to treat them in regular intervals with a UV-protection spray, so that you can enjoy your palm for a long time.
