Description:

Set decorative accents in your home with the artificial ornamental grass from Europalms. The grass is especially suitable for low-light living areas or the weather-protected outdoor area of balcony and terrace.

The half-height perennial has a bushy grass appearance. A particularly lively appearance is achieved by different shades of brown and green of the narrow foliage leaves. These already fall into shape by themselves when planted, and no awkward plucking or bending is necessary. Just above the foliage, flower stalks with feathery seed heads protrude, which are almost indistinguishable from their natural counterparts.

The artificial plant has a total height of about 110 cm and is delivered in a plain gardener's pot, which makes it easier for you to pot it in a suitable planter and serves to better hold the plant.
