Description:

This is how your advertisement or your information is presented perfectly: with the large advertising column by EUROPALMS. Customers cannot ignore it. It is 2 meters high, 80 cm wide and is illuminated from the inside. The best basis to arouse curiosity. Whether on your booth, in and in front of your shop respectively or on any events, the large advertising column catches the eye and therefor is the fundament for a successful presentation. By the way, the column is not chunky. It is slender and quite elegant. But the column does not only have an appealing appearance, it is very easy to handle as well. Simply open the particular side and insert the designated picture or the prepared information. Close the cover, switch on the light and you have an advertising platform at your disposal, that will set itself positively apart from the rest.

Features:

- Elegant double-sided, convexed light column with brushed aluminum frame
- Snap frame profile
- Transparent, non-reflective plastic cover protects the slides and posters
- Fitting possible via holes in the base plate
