Description:

The artificial fir garland of Europalms in trendy turquoise is perfectly suitable as table, door or wall decoration in your living and business premises. Whether classically simple, opulently decorated or as part of an arrangement - it is versatile and does not needle. Not only at Christmas time, but also for theme decorations, it finds its use.

The 270 cm long and flexible fir garland is made of high-quality LUVI material (foil cut into strips), which gives it a full-bodied appearance. Inside, a flexible wire is incorporated, which makes it easy to connect on garland to the next at the ends - thus, it can be extended to any length and only needs to be plucked in shape with a few hand movements.

After use, the garland can be rolled up again to save space and wait for its next use.
